MEMORANDUM FOR: Deputy Director (Research)

SUBJECT : Scientific Advisory Committee

25X1A5a2

1. At the morning briefing on 26 April, I advised the DCI of my hour long conversation with [redacted] and reminded him that [redacted] were coming to see him next week. 25X1A5a2

2. The DCI then advised me that he wanted established a Scientific Advisory Committee which would report to him, which would cover all Agency scientific and research and development activities, and which would have on it the best possible brains in the scientific field who were willing to work hard.

3. I advised him that I would consult with you on this and that we would as quickly as possible come up with recommendations.
